

Common methods used for fortune telling in Europe and the Americas include **astrology**, **horary astrology**, **pendulum** reading, **spirit board** reading, **lunargraphy** (reading tea leaves in a cup), **cartomancy** (fortune telling with cards), **tarot card reading**, **crystalgamy** (reading of a crystal sphere), and **chironomy** (palmistry, reading of the palm). The last three have traditional associations in the popular mind with the **Roma** and **Gipsy** people.

if we are doing a fortune telling app, I feel like tarot card is a good way to get started.

1. Tarot cards is a common fortune telling way and there are many people who believe in it.
2. It would still work when we present it as an app. There are many other fortune telling ways that would work great in-person but people won't buy it if it is an app telling it to you.
3. with tarot card, it is easier to interact with users. (they would be able to click the cards and e-flip them)

Students:
Young people,
the advent of covid was a huge boost for fortune-telling
apps among young people.
"When I started doing this, I felt safe. While others were
affected by COVID and lost their jobs or income, I
wasn't. So I knew it'll more and more."
fortune telling apps gave young people a piece of
mind in times where their surroundings are full of
uncertainty.

People who encounters difficulties in life: people who have broken lives in reality. people who are scared about their future. people who stresses a lot in life, from family or work.

The screenshot shows the homepage of the 'Death Clock' website. At the top, there's a navigation bar with links like 'Home', 'About', 'Sign Up', and 'Contact'. The main header features the title 'DEATH CLOCK' in large, bold letters, with the subtitle 'How long you will live' below it. A cartoon illustration of a person sitting at a desk with a clock is visible. The central content area displays a large digital clock showing '00:00:00' and a message: 'You have 00:00:00 left to live. Sign up now to find out how long you will live.' Below this, there's a section titled 'Sign Up' with a form containing fields for 'Name', 'Email', and 'Password', along with a 'Sign Up' button. The footer contains copyright information and a disclaimer.

The screenshot shows a Zoom meeting in progress. The top bar displays the Zoom logo, the meeting ID (919 630 0000), and various controls like mute, video, chat, and join. The main area shows a grid of video feeds for participants. The bottom bar includes the meeting controls and a list of participants.
